Master en Human Computer Interaction
Université de Paris-Saclay   *Sep 2023 - Aug 2025*
Licence Informatique
Université de Paris-Saclay   *Sep 2020 - Jun 2023*

PROFESSIONAL EXPERIENCE

Web Developer Internship
*Changzhou Buyi Textile Co. | Paris(telecommuting) | **May. 2022 - Jul.2022***

- Independently designed and completed a showcase website for a textile company using Wordpress and purchased the domain name.
- Integrated the company's product database into the website's backend using phpMyAdmin and the Plesk platform.

PROJECTS

Skimania* (2024)**   ***Protopie,Figma

- Taking a user-centred design approach,identified skier needs and participated in the design of a one-stop ski app prototype.
- Created an interactive demo of the app using Protopie alone.
- Contributed to a paper on this design.

AdventureMaze* (2024)**   ***Java

- Designed the main interactive gameplay of a map scavenger game based on the theory of interactivity design.
- Developed the game using Java.

Flowercraft* (2023)**   ***Java

- Collaborated on the design and development of a farming simulation game in Java.
- Primarily contributed by implementing the A* algorithm for character movement within the game map.

Agenda* (2023)**   ***Javascript, HTML, CSS, PHP
Collaborated on the design and development of a course schedule agenda using JavaScript, HTML, CSS, and PHP, with user login functionality for viewing and editing.
